

— 2015 —

Liberty Suppressors started out with two people and an idea. That idea became our mission and our purpose. We want to make the quietest possible suppressors out of the highest quality materials and workmanship. We also want to give the end user as much leverage and versatility in a silencer as possible.

Making great silencers is not enough. We want to make sure that our customer service is second to none. Taking time for our customer will always be a part of our goal. Buying Liberty makes you a part of our team and a part of our culture. We are a culture of individuals who like to have a good time: a group that enjoys laughing with each other at the range and a group that takes their shooting and their patriotism seriously.

Our future is set out for us with these goals in mind: Listen to what the community wants, continue to improve, explore new materials, create new designs, and take time for you, our customer, and our fellow enthusiast.

Thank you for choosing Liberty

RIMFIRE CANS

Calibers: 22LR, 22WMR, 17M2, 17HMR
Length: 6.5"
Diameter: 1"
Material: Titanium and Stainless Steel
Weight: 5.5 Ounces
Approx. DB Reduction: 42 - 46 dB
Mounting type: 1/2-28
Coating: Type C Cerakote
MSRP: \$499

The Regulator is the next evolution in our forward thinking line of rimfire suppressors. This is the first production suppressor to be a monolithic core construction with virtually no first round pop. We have attained new levels of suppression setting the standard by which all other suppressors will be measured.

REGULATOR

Calibers: 22LR, 22WMR, 17M2, 17HMR, 5.7x28MM
Length: 6.5"
Diameter: 1"
Material: Titanium and Stainless Steel
Weight: 5.5 Ounces
Approx. DB Reduction: 39 - 42 dB
Mounting type: 1/2-28
Coating: Type C Cerakote
MSRP: \$685

The Essence of Liberty is a rimfire suppressor designed from the ground up with every possible feature. It is lightweight. Constructed with over 95% titanium this suppressor virtually disappears on the end of your weapon.

ESSENCE

PISTOL CANS

Calibers: 45ACP
Length: 9.3"
Diameter: 1.375"
Material: Aluminium and Stainless Steel
Weight: 10 Ounces
Approx. DB Reduction: 28 - 30 dB
Mounting type: 578-28 TPI or 16x1mm LH
Coating: Type C Cerakote
MSRP: \$799

This suppressor is designed for use on the 1911 platform specifically but will work equally well on other firearms. Suppression may vary from host to host weapon. On this platform it meters in the low 130's dry and the mid 120's wet.

MIRANDA

Calibers: 40 cal.
Length: 9"
Diameter: 1.375"
Material: Aluminium and Stainless Steel
Weight: 10.1 Ounces
Approx. DB Reduction: 28 - 30 dB
Mounting type: 8/16x24 TPI, 14.5x1mm LH TPI
Coating: Type C Cerakote
MSRP: \$699

The Patriot is built from aircraft grade aluminum alloy and type 3 hard coat anodized for durability. Generating an incredible 30dB+ of sound reduction, it weighs in at only 10 ounces including the booster as part of the suppressor.

PATRIOT

MULTI CALIBER

Multi Caliber: Over 53 calibers including 9MM, 300BLK, 7.62x39, 5.56, 22LR
Length: 8"
Diameter: 1.375"
Material: Titanium / Stainless Steel
Weight: 10.5 Ounces
Approx. DB Reduction: 33 - 38 dB
Mounting type: Multi
Coating: Type C High Temp Cerakote In Graphite Black
MSRP: \$799

The Mystic X was born from a need: the need for a "Swiss army knife" of silencers. It is the ultimate silencer for the first time owner.

MYSTIC X

NEW BAFFLE DESIGN OPTIMIZING BAFFLE POSITION AND REDUCING THE WEIGHT OF THE SUPPRESSOR BY 1.5 OUNCES

NEW FRONT CAP REDESIGNED TO OFFER BETTER GAS DISPERSION

REDESIGNED CORE SECTION: REDESIGNED CORE WITH REINFORCEMENTS TO ALLOW THE CAN TO BE USED ON MORE THAN 53 CALIBERS INCLUDING 9MM, 300 BLK, 7.62X39, AND EVEN 5.56 NATO ON A 16" BARREL.

NEW WAVE-LOK TUBE/CORE INTERFACE ALLOWS THE TUBE TO LOCK UP SECURELY WHILE MAKING THE CAN EASY TO TAKE APART FOR CLEANING

LOCK RING AND FRONT OF CORE ARE NOW BLACK FOR MORE UNIFORM APPEARANCE

5.56 NATO CANS

Calibers: 5.56 NATO, 5.7x28mm, 22LR
Length: 6.35"
Diameter: 1.68"
Material: Alloy Steel
Weight: 19.5 Ounces
Approx. DB Reduction: 30 dB
Mounting type: 1/2-28 TPI
Coating: Type C Cerakote
MSRP: \$550

The Constitution is elegant simplicity in design. It is effortless to maintain, full auto rated, take apart, monolithic core, and made entirely of alloy steel. Dismantling for cleaning is easy with the spanner wrench that is included.

CONSTITUTION

Calibers: 5.56 NATO
Length: 7"
Diameter: 1.5"
Material: Titanium, Stainless Steel, Inconel
Weight: 12 Ounces
Approx. DB Reduction: 34 dB
Mounting type: 1/2-28 Thread Mount
Coating: Type C Cerakote
MSRP: \$950

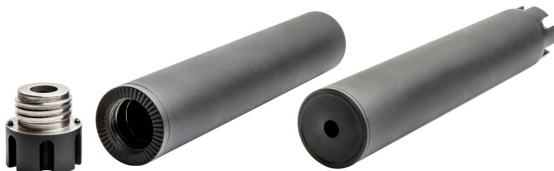

The Triumph uses the innovative square bore technology. It produces world class suppression in excess of 30 dB and is light weight due to the titanium core. The Inconel blast baffle extends the durability and allows the Triumph to be used in full auto applications.

TRIUMPH

Calibers: 5.56 NATO
Length: 8"
Diameter: 1.5"
Material: 300 Series Stainless Steel
Weight: 23 Ounces
Approx. DB Reduction: 33 dB
Mounting type: .578-28 or 16x1mm LH
Coating: Type C Cerakote
MSRP: \$680

The TQA mount requires 1.27" of barrel from the rear shoulder of the barrel threads to be unobstructed for clearance. This is the spacing on an 11.5" upper with a traditional FSB installed complete with bayonette lug.

TORCH QA

7.62 CANS

Calibers: 308WIN, 300BLK and down.
Excluding rimfire.
Length: 10"
Diameter: 1.5"
Material: Titanium / Stainless Steel
Weight: 22.5 Ounces
Approx. DB Reduction: 31 dB
Mounting type: 5/8-24 Thread Mount
Coating: Type C Cerakote
MSRP: \$825

The Freedom uses the innovative square bore technology. It produces world class suppression in excess of 31dB and is lighter weight than most suppressors in the same class.

FREEDOM

Calibers: 300 WIN MAG, 308WIN, 300BLK and down. Excluding rimfire.
Length: 11"
Diameter: 1.5"
Material: Titanium / Stainless Steel
Weight: 22.5 Ounces
Approx. DB Reduction: 33 dB
Mounting type: 5/8-24 Thread Mount
Coating: Type C Cerakote
MSRP: \$1395

Rated for the powerful, yet accurate, 300 Remington Ultra Magnum rifle cartridge and below. Generating class leading suppression in excess of 34dB, you can rest assured that when you pull the trigger this suppressor will deliver. One silencer does it all in this category.

VICTORY MAG

Calibers: 300 BLK
Length: 6"
Diameter: 2"
Material: Titanium / Stainless Steel
Weight: 21 Ounces
Approx. DB Reduction: 24 - 30 dB
Mounting type: Thread Mount 5/8-24
Coating: Type C Cerakote
MSRP: \$750

The only 300 blackout suppressor you will ever need! This silencer is lightweight as well as aesthetically appealing. Designed specifically for the 300 blackout round, the Chaotic will work very well for other calibers as well.

CHAOTIC

INTEGRAL CANS

Complete rifle. Including billet Liberty lower. (minus sights)
We build the whole rifle for you.
Just add the sights and ammo.
MSRP: \$2300
